

CONGRATULATIONS TO ALL [REDACTED] STUDENTS WHO IMPROVED THEIR CST TEST SCORES BETWEEN 2009 AND 2010.

The numbers show how much they improved (not their actual test score), plus a bonus to show how much more your score counts when you go up a proficiency level. Like if you just go up 6 points from Basic and that makes you proficient, your score counts more! Your grades and test scores are put together to evaluate what you really have learned.
